on-board review to discuss your comments with the A/E is scheduled for 24 June 1987. In order for us to review your comments prior to this meeting, it is requested that you review the prefinal submittal and return your comments on enclosure (1) no later than 19 June 1987. Your review should be directed toward: (1) assuring project construction sequencing will interface in a satisfactory manner with your Activity mission; i.e., the contractor can work without being interrupted or adequate provision has been made by the specification outlining the impact of your Activity on contractor operations; and (2) assuring all operational requirements are satisfied.

3. Should have any questions, contact Ms. S. Gale of this Command, telephone 444-9670.
